

Cloud Technologies provides online advertising targeting data, powering the campaigns of the world's largest brands. Our high-quality data is also used in tools based on artificial intelligence algorithms.

Using our own technology, we have created a data cloud that contains information about 5 billion users from over 200 markets worldwide. We provide data mainly to advertisers and advertising agencies. Over 80% of revenues from data monetization come from the US and Western European markets.

Cloud Technologies is one of the fastest growing technology companies in Europe, according to international rankings, including: Deloitte Technology Fast 50 CE, Deloitte Technology Fast 500 EMEA or Financial Times: 1000 Europe's Fastest Growing Companies.

The company was founded in 2011, is headquartered in Warsaw, and the operational center is in London. Cloud Technology is [listed on the WSE Main Market](#).
